MEMORANDUM FOR THE RECORD

SUBJECT: GAO's Draft Report on []

- 25X1 1. [] On 10 August 1978, at 9:30 a.m., Cliff Fowler, GAO,
25X1 met with [], and [] DDO/SA, and
25X1 the undersigned in the C&R conference room to discuss GAO's incor-
poration of CIA's recommended changes in GAO's draft report on
[] Mr. Fowler indicated that GAO had incorporated all of CIA's
recommended changes except for the information which was underlined
on page 50 since GAO felt it was not necessary to include these
comments. After a brief discussion, []
convinced Mr. Fowler that this material should be reinserted since
we felt that despite the fact that this information appears in
other parts of the report that it would create some misimpression
not to state it once again in the appropriate context. Fowler
agreed and said that this information would be reinserted in the
next draft. The discussion then went on to the fact that the FBI
has not submitted their comments on the report despite GAO's attempts
to get them to do so. Fowler feels that there may be some changing
of the wording on page 13 although he does not feel that the FBI
will make any radical changes in the report.
- 25X1 2. [] Mr. Fowler provided us with a new revised version of
the report. Copies of this report have been given to []
25X1 and [] and upon his return a copy will be sent to []
25X1 [] Associate Deputy to the DCI for Collection Tasking. It
was agreed upon that [] would review this
new draft to see in effect just how many of CIA's recommended
changes had been accepted by GAO.
- 25X1 3. [] Mr. Fowler commented that once they received the
FBI's recommended changes that a final draft version would be sent
to us for review at the DCI level.
